Hand Written Notes

Even in this digital era lots of businesses have relied on handwritten notes to tell their customers how important they are to them. Every customer matters and needs to know how appreciative you are of them. Taking the time to write a personal note to your customers makes them feel more connected to you and your company.

Give your employees (and even your customers) branded stationery sets so they are able to write these personal notes that are so important in business.

December 5th is National Bath Tub Party Day!

Who knew there was a Bath Tub Party day?! Soak it up with relaxing bath crystals and a hot tea kit. And don't forget the "Do Not Disturb" sign for the door.
